

Slimline Turnbuckle Body

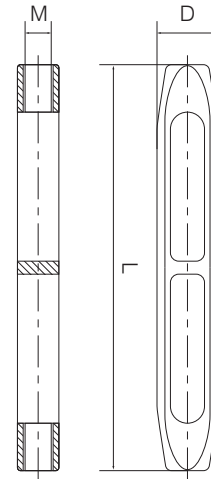

New Release hamma[®] Slimline Turnbuckle Body!

hamma[®] Regatta Slimline Turnbuckle Bodies have been designed to compliment the current range of hamma[®] Regatta hardware. These bodies are shorter in length compared to the standard hamma[®] Regatta bodies, however are thinner thus enabling them to be used in most furling drums from manufacturers around the globe.

Slimline Turnbuckle Body

Slimline Turnbuckle Bodies are designed for use inside furling drums.
