

PERFORMANCE BY DESIGN

# The industry leader in stainless steel wire rope and fittings

Pathway of Progress Installation (ASSDA Fabricator Project of the Year 2025)  
Georgia Tech/Atlanta GA, USA

Cable Manufacturing & Testing Services  
Extensive stainless steel cable range, engineered and manufactured in-house.

Lisa Blair's Yacht Climate Action Now At the launch of Lisa's epic adventure to become the first woman to sail solo, non-stop and unassisted around Antarctica

Exclusively available from Arcus Wire Group, the hamma® range of stainless steel wire rope and fittings represents our premium stainless steel offering, engineered for performance, reliability and long-term durability.

The hamma® range is perfect for:

- **Marine** – ocean going vessels including yacht rigging for leisure and racing yachts
- **Industrial** – lightweight tensile membrane structures including shade sails as well as balustrades, irrigation systems and height safety applications
- **Architectural** – tensile cable systems for glass facades, cable nets, catenary artworks and lighting, as well as high-strength corrosion resistant applications such as bridges and underwater cables

IT'S DOWN TO THE WIRE®
